

The Ten Year Career Resources Chapter Two: Harnessing The True Power of Your Mind

Important Questions to Answer from Chapter Two:

Write down the immediate first response answers to the following two questions:

What is a lot of money to you (in terms of what one can make in a year)?

When you hear “six figures,” what number comes to mind?

What do your answers tell you about what path your mind has you set to?

Important Takeaways from Chapter One:

Your mind can be your biggest obstacle success, wealth, and fulfillment.

Subconsciously your mind may be holding you back from the path that you want to be on.

What really matters is that if you can realize that you have the ultimate control of what you put into your mind and make “automatic,” you can do almost anything.

Awareness is the catalyst of change.
